## CATERING MENU

## From a Cafe in the Sky..

Santan was born in 2015 with the vision to create unique dining experiences in the sky, serving only the best and most delicious Asean flavours. We've since served over 600 million passengers across the world.

In 2019, we opened our flagship restaurant in Mid Valley Megamall, right in the heart of Kuala Lumpur and many of our meals have since become household names in Malaysia and beyond, including our signature Pak Nasser's Nasi Lemak and Uncle Chin Chicken Rice.

Today, our vision remains the same as we hope to bring you the best quality and consistency regardless the occasion be it a memorable event or important meeting. Please take a moment to look over our catering menu and should you have any queries, do contact us.
